This page contains a curated list of links and descriptions to fundraisers and charities that make an impact on promoting democracy and real-world change. Your contributions help build a more just and equitable future. (Updated monthly)

## 1. Kamala Harris for President

a. Kamala Harris's campaign is centered on preserving democracy, protecting voting rights, and promoting social equity. Supporting her campaign is vital to ensure these values are upheld, especially in an era where democratic institutions are under threat. Your donation directly funds grassroots organizing, outreach efforts, and advocacy initiatives, ultimately strengthening her chance at preserving our democracy.

## 2. Nowhere in Gaza Is Safe for Children | UNICEF USA

a. As the assault on Rafah intensifies, 600,000 children are caught in the crosshairs, facing unimaginable hardships. Supporting UNICEF's mission is crucial as they advocate for an immediate ceasefire and work to protect the rights of children in Gaza. Your donation will help provide vital humanitarian assistance, ensuring that these vulnerable children will receive the support they desperately need during this crisis.

## 3. Help Afghan Women in Crisis

a. Women in Afghanistan are facing an unimaginable humanitarian crisis, in which they are no longer regarded as human beings. They need your support more than ever as they fight to survive in a society that reduces them to property. Your donation today will provide essential resources for women survivors of war, including physical and mental health services, education and job training, cash assistance, and prevention programs against violence, helping them regain their autonomy and dignity.

## 4. Sunflower Seeds Ukraine

a. This organization is dedicated to providing essential medical aid and protective gear to small groups of defenders, as well as humanitarian assistance to civilians in Ukraine affected by the conflict. Your support is vital in ensuring that aid reaches those in desperate need, helping to save lives and alleviate suffering in the region.
